

CARRUM PATTERSON V DMJFC

Round 5 Match Report

We travelled down to Carrum for our round 5 clash with our team full of confidence after our first 4 games. The game was a bit of a battle with the opposition working harder than our team. Our work rate and pressure on the opposition was below the standard that this team has set. We were reactive around the ball and were not proactive in our ball movement. Our defense held up really well and we would have been in a heap of trouble on the scoreboard if they didn't do so well.

We started to get our game going late in the 3rd quarter but we went into the last change a few points down. Our efforts to get up in the last quarter were great with some really hard work from everyone. We managed to just get home for a win.

A good lesson for the team, that if you don't show up to the game with the right attitude and application then the game becomes very difficult. Also important to note that we are now the "Hunted", teams know we are a good side and they set themselves to play well against us. We need to make sure WE are the "HUNTERS" Every game..

Lets get on the track this week and work hard and keep improving.

DMJFC 3.4 22

Carrum Patt' 2.7 19

Goal Kickers. T.Kirkwood 2, C. Morgan 1
