

## DMJFC V LANGWARRIN WHITE

### Round 4 Match Report

Round 4 was a wild and windy day at home. In very difficult conditions the team started pretty well. We had all the play kicking with the wind in the 1<sup>st</sup> quarter, our midfield was dominate early with Diesel and Heat having a influence, Phoenix was throwing himself into everything and Bailey on his wing was superb early. We didn't hit the scoreboard like we should of. The backline stood up in the second quarter, led by Connor Harmor and Flynn the opposition could not get the ball past the 50 meter line. H'man and Will were playing ripper games and Matt Tilley again was a rock deep in the defensive 50. After half time the game tightened up with lots of pressure around the ball. J.A was back and was showing his class and Amz and Charlotte were starting to look dangerous. Ryleigh played a ripper couple of quarters up forward and Connor Morgan played a important role at CHF.

It was a real slog in the second half and it was great to see Matty B open the game up whilst taking the game on. Bailey Farrer went to half back and played well and Adam and Dukes were having an impact on a few contests. Dyldog again played well which is great to see and Nutz down in the 50 was providing a target. We managed to score into the wind in the last quarter and it was a comfortable victory in the end. The team was far from their best but it was great to see them tough it out in those terrible conditions. Our tackle count was awesome, hitting 15+ tackles a quarter. A great effort, keep it up team. Our defensive efforts were fantastic, kept them scoreless
