

DMJFC V MT ELIZA BLUE

Round 2 match report

We were at home at Casey fields for our round 2 clash against Mt Eliza. We started the game very well with some impressive ball movement from our half back line. Connor Harmor was back to his combative best, also with Flynn and Matty B cleaning up all opposition attacks we looked the goods early.

Our 2nd quarter we started to look a little flat around the ground and started to lose the one on one battles, fortunately for us Matt Tilley was playing a ripping game at Full Back, and with Will being courageous and Ryleigh playing his role down back there was no damage done on the scoreboard. After half time our boys lifted and we started to get the game back on our terms. Phoenix's ruck work was a stand out and our midfield really started to take over. Bailey Farrer was making his presence felt and with Diesel's grunt work around the footy the opposition was folding under pressure. Ty got going in the second half which was great and our new recruit Amz was really working hard to make space in the forward line, along with Connor Morgan that's starting to work hard at half forward Heat's work rate great and Kobe played a brilliant game off his wing and Bai worked really hard all game. Great to see Dyldog crack in hard for the footy, along with H'man and Jay Z that went down back for parts of the game adding some more tricks to their bag. Big Dukes made a few big contests and Adam played in front when he went forward. And a special mention to NUTZ, that played under a serious injury cloud but performed well.

Overall a solid performance, skill level was great and our tackling pressure set up the win. Lets keep training hard and keep improving.

Goal Kickers: T. Kirkwood 3, F. Wood 2, P. Brennan, S. Harris, B. Farrer, C. Morgan

Best Players: S. Harris, T. Kirkwood, W. Hetherington, K. Bravo, B. Farrer, P. Brennan
