

DMJFC v FRANKSTON ROVERS

Round 3

Round 3 and another good effort from all!

We started well and hit the ground running scoring in the first 30 seconds of the game. Our attack on the ball was good again and some really good tackles being put on the other team. Jett showed some good leadership and made one of game plans happen, which showed us we are on the right track when stick to our game plan.

During the game again some basic things let us down which we will work on at training, remember this is a team game and we all need to play and support each other. We also need to mention that in our past couple of games, the other teams have done some things that have not been picked up by the umpires, but we need to respect the umpire's decision and continue to play the game fairly and walk of the ground with our heads held high.

See you all at training Wednesday at 5.30pm – 6.30pm.

Cheers Brendan & Justin
